Dear Brother,

Re: Partnership of PGLA and Age NI

Brethren, I hope this finds you, your families, safe and well in these most unusual and difficult times.

Please find attached a copy of a pamphlet introducing the partnership between AGE NI (www.ageni.org) and the Provincial Grand Lodge of Antrim, which also provides details on the “Freemasons Fortnight Challenge”, and what is involved in its participation.

Considering the current age profile of our membership, and the difficult times we find ourselves in, the Provincial Grand Master considers this as an opportune time to become associated with this first-rate charity.

The leaflet may also be downloaded from our PGL website, (www.pgrantrim.org) or you may wish to contact one of the PGL Charity Officers for further clarification.

It is hoped to launch the partnership next week, with a press release with the local TV celebrity, Julian Simmons.

Please participate in the fortnight challenge and let the office know how you are getting on, which will ensure that we may update our website and Facebook page accordingly.

When the suspension of masonic meetings and events is brought to an end, it is envisaged that talks will take place at District Charity Level to further explain and enhance a close working relationship with Age NI.

Can I ask each Lodge Secretary, would ensure that each member of your Lodge has received a copy of this letter?

Stay safe, be kind, take care, and keep healthy

Yours sincerely and fraternally,

J. Russell Millar
Provincial Grand Secretary
